

Further improving school communications: Introduction of ParentMail

Communicating with parents is an important part of what we do, making sure you get the correct information about activities, events and things that really matter is something we care about.

In the next few weeks we will be using ParentMail, a service used by over 6,000 schools, nurseries and children’s clubs to communicate to parents. ParentMail will be beneficial to you because:

- Messages will get to you reliably and on time
- We can send messages directly to mums, dads and other carers at the same time
- Emergency or important information can be sent by text message
- iPhone and Android Apps available for parents on the go.
- Ability to make payments for trips/uniform/clubs etc is available from your phone, much like making a purchase from Amazon

In order for this to be successful and for us to reach as many parents as possible we need you to provide us with current email addresses for all contacts and also mobile numbers. This information will be entered onto our database and when the system goes live your information will be securely transferred to the Parentmail app. Please complete and return the slip below ASAP.

We hope you will find this new way of communicating helpful and time saving as well as making sure you are up to date with all school events.
