

Year Two News

News from class 2

Hi Everyone,

I hope you all had a lovely Christmas, albeit a little strange this year. I can't wait to hear what you all got.

I hope you are keeping busy at home with the online tasks. We have been extremely busy here. Last week we made New Year's resolutions and began to look at multiplication and division in maths. We wrote stories about Jack and the Beanstalk too.

We have been having our daily PE slots with Mr Fletcher and we had an amazing science lesson on electrical safety last week. We built circuits using a bulb, battery and wires and investigated which materials were conductors of electricity.

This week we have been continuing our story writing and have written character descriptions, describing the Giant from Jack and the Beanstalk.

In maths we have been using the apparatus to make equal groups, and recognising multiplication sentences.

News from home

Thank you for the work you have sent in class 2. I have really enjoyed receiving it. I hope you have been managing to work through the tasks. If you would like to do some further research on world war 2, then BBC bitesize has some great clips to look at.

We are missing you all very much at school, and can't wait until we all manage to get back together again.

Make sure you are also continuing to read at home, it's a very important skill!

I look forward to receiving your work throughout the week. Speak to you soon.

Miss Williams
